## FOUNDER'S MESSAGE

Dear Supporters,

I want to take this opportunity to thank you for everything you've done for our dependents!

34 years ago, I started social work i.e., in the year 1986 with vision and an ambitious dream to ensure happier childhoods for India's children. Later during my journey, I was able to reach out & Help Many Old Age Person, Handicapped Person, Blinds, Poor Women, Men & Destitutes etc.,. I look back on our journey and feel overwhelmed with gratitude for the faith that our partners and supporters placed in us, for the kindness and generosity of our Donors and for the encouragement we received at every step from kind souls such as yourself.

My dream would have remained but a dream if it wasn't for YOU. You have touched the lives of many Children & Poor Destitutes this year. Your support not only helped us send more children to school but also enabled them to stay there and continue their education. When you donated to NMGCT or Participated in NMGCT Events, you made sure that our children's & Poor Destitutes voices were heard.

It is stories like these that truly reinforce our belief in our work every single day. Thank you for standing by us every step of the way and I hope that we can count on your continued support in the years to come.

With faith & goodwill,

Dr. Mohan  
Founder President,  
New Mighty Grace Charitable Trust

## BOARD'S MESSAGE

Dear Supporters,

You have helped us make 2019-20 a truly wonderful year! Thanks to you – our donors, partners and volunteers – we've been able to create lasting change in the lives of over many Children, Old Age Person, Handicapped Person, Blinds, Poor Women, Men & Destitutes etc., this year.

Your generosity helped children to get proper nutrition and a chance at a better education & Daily needs like Food, Cloths, Groceries, Blankets etc., Your contributions ensured that they have reached all the needy and were able to chase their dreams instead. Your unwavering support helped create greater change in their lives and we cannot thank you enough!

Our heartfelt gratitude for everything you have done for us. We sincerely hope to continue transforming children's & Other Needy lives with you by our side!

On behalf of the Board of Trustees,

## WHAT DO WE DO

New Mighty Grace Charitable Trust is working for the upliftment of Women, Destitutes, Physically Handicapped, Senior Citizens, Visually Impaired, Leprosy Ridden, Speech Impaired and deaf by helping them become self-supportive.

New Mighty Grace Charitable Trust is dedicatedly working to provide a good platform for women, children, senior citizens and those who are blind, destitute, physically handicapped. We aim to provide them the necessary resources and support in the form of Tailoring, embroidery, counselling services, education, educational support, wheelchair assistance, guidance for vocational education, job placement, physiotherapy required for their holistic development.

We, through our consistent efforts try to spread awareness about these communities and the hardships they are facing. We help them become self-independent. We also support quality oriented research to promote the physical, social psychological and medical needs for the needy.

## HOW DID WE START

As we look back on our Founder-President Dr. Mohan Kumar's 35 years of journey since 1986, we feel overwhelmed with gratitude. Dr. Mohan Kumar (former employee of Indian Overseas Bank and now a musician) started his social work helping the needy at his own expense, he has an ambitious dream to ensure happier childhoods for India's children. He started a school in the name "St. Antony's Convent" and provided top class education facilities to the marginalized children in rural Bangalore catering to about 950 children, the school does its best in reaching out to marginalized communities. The school was providing quality education; support services and raises awareness among the family members about child education. In the Year 2000, Dr. Mohan handed over his school to someone due to bad health & continued his social work through an association he created under Society Act named "Karnataka Women & Children's Association" in the year 1996. Later, he registered the NGO under Trust Act by "New Might Grace Charitable Trust" on November 7, 2009 with like-minded members & they continued the social work together helping the needy through their new organisation. We've grown with new ideas of Dr. Mohan Kumar, Mr. Kishore along with his team who play an important role in enabling women and children community especially persons who are blind, destitute, physically handicapped, leprosy ridden & old age persons etc., to access the resources available to the society to unleash their inherent though often hidden potential through a holistic approach. We are planning to build a network with organizations working in the women and children sector especially the above said to come together with this organization in providing the necessary assistance to people.

education to the children from  
underprivileged or low income  
families at early stage of life to  
get better head-start for future*

# HIGHLIGHTS

# EARLY CHILDHOOD EDUCATION

**1.3 Million People** live in slums in Bangalore. Out of these, there are **0.4 million** children under the age of 6 living in slums and labor camps. As you drive down almost any road in Bangalore, you will see a construction site and right there, in the middle of the sand, gravel and machines you are likely to see small children playing. The population of the migrant workers in Bangalore is growing daily. The families live in 'blue tents' with no access to running water, electricity or sanitation.

Our organisation works for the betterment of children from less privileged backgrounds by providing them with a well-rounded education that enables them to be at par with other middle and upper-class children. We are in the process

of opening more learning centers, our centers follow a structured program to educate children from the slums. Since these center are strategically located near slum neighborhood, it makes it very easy for the mothers to walk their children to the learning center each morning.

**1 learning

**60  
children**

New Mighty Grace Charitable Trust follows a kindergarten program designed to give underprivileged children a good foundation in English language, arithmetic, general science, social and practical life skills at an early age of three years. Since these children would not get an opportunity to go to any early learning course due to economic difficulties we have been doing this completely free.

## TUTION CENTER

A majority of school children in the slums of Bangalore come from homes where the parents are illiterate. Working in informal jobs, such as construction work, domestic work and street vending, children from these homes rarely go on to complete higher education and often fail their 10th grade public exams, so dropping out of the education system.

Lacking parental guidance these children often end up doing the same insecure work that their parents do, perpetuating the cycle of poverty.

For several years now NMGCT has runs 'after school tuition centres' which are attended by more than **60+ children**, aged between 6-16, 6 days a week, located within communal facilities in the slum.

Our aim is to expand the network of tuition centres to more slums in Bangalore, to keep slum children in the education system, enabling them to transform their future.

## SUPPORTING THE POOR

We have distributed Food, Snacks, Cloths etc., regularly to many Poor Destitute, Construction workers, Construction workers Children etc., who live in Blue Tent houses in nearby Kalkere Slum, Horamavu Slum, Banjara Layout Slums, many have been benefited through this Programme.

## WHAT'S NEXT?

In the coming years, we aim to achieve the following:-

- Educate the marginalized children
- Skill training for youth and women.
- New homes for orphan children, old age persons, handicapped, and mentally retired.
